360[°]

FALL WINTER 2009 – 2010 COLLECTION

360[°] is the optimum formula for a woman who lives a 360 degrees life. A female figure characterized by strong personality, contemporary vision and committed to an international agenda.

Protagonist and always in the spotlight: elegance, lifestyle and glamorous jet set are all key elements which define the Valentino woman for the next season.

The new it bag perfectly adapts to her dynamic and cosmopolitan way of living, always side by side in all her travels and social events.

Ideal complement for any occasion, this accessory in all its color-material combinations can be smoothly enclosed in any suitcase. Easy to fold, light and soft - the satin version weighs only 330 grams- it defines a fresh and distinctive look.

Wide variety of materials: malleable leather and soft precious furs are available along with shiny satin and sequins embroidery. The suede version is enriched by lizard skin tone-on-tone handles.

Original color palette: intense and bright red, rouge noir, emerald green, turquoise and coral complete the range with shades of beige, grey and black.

In small or large versions, closed with an elegant macro bow, it is the perfect accessory at any time, during the day as well as in the evening.

Absolute must have for the upcoming winter season, available starting from late July 2009 in all Valentino boutiques.
